Arts-in-Education

KerboomKidz!

"On January 15th, Miller Ave students started the new year off right with a visit from Kershel Anthony, from KerboomKidz. Kershel came to Miller Avenue to get the K-1-2 students pumped about fitness and nutrition. Students brainstormed healthy snacks to fuel their body and mind. Smiles filled the room as the children learned a fun, movement filled dance routine." - Parent

"To move, educate and inspire!" - This was the theme of the morning! KerboomKidz provided an action packed assembly for all Miller Avenue students, sponsored by the PTO! Kershel's zeal and energy got all the children really motivated! The classes had a wonderful time learning about the importance of fitness and nutrition! During the assembly, the children successfully learned a host of super fun dance moves such as "the robot." Kershel's charisma and hilarious character voices added to the children's fun!" - PTO Vice President

Special thanks to the Arts-In-Education Committee for organizing this fun program for our students!
